Canadian interior design duo George Yabu and Glenn Pushelberg were named two of the “101 People You Must Meet in 2011” by Town & Country magazine; have been awarded “Hot Interior Design Firm” by Conde Nast Traveler magazine and are on Elle Décor’s “A-List.” Their client roster is filled with leading visionaries and innovators of hotel groups, luxury retail brands and celebrity chefs – including Ian Schrager, Four Seasons, St. Regis, Barney’s, Tiffany’s, Jean-Georges Vongrichten to Daniel Boulud, to name a few.

Yabu Pushelberg, with over 125 designers, project managers and support staff in studios in New York, Toronto and China, is currently working in over 15 countries worldwide. Alas there is no typical day for the design duo that oftentimes finds themselves in no less than four different cities in one week alone. George and Glenn have truly traveled around the world and back but still feel that, “there is always more to explore and learn, especially when designing and applying techniques to how we approach our work,” and that “travel truly inspires and fuels creativity.”

This offering is made only by the prospectus for the condominium and no statement should be relied upon if not made in the prospectus. This is not an offer to sell, or solicitation of offers to buy, the condominium units in states where such offer or solicitation cannot be made.

These drawings are conceptual only and are for the convenience of reference. They should not be relied upon as representations, express or implied, of the final detail of the residences. Units shown are examples of unit types and may not depict actual units. Stated square footages are ranges for a particular unit type and are measured to the exterior boundaries of the exterior walls and the centerline of interior demising walls and in fact vary from the area that would be determined by using the description and definition of the “Unit” set forth in the Declaration of Condominium (which generally only includes the interior airspace between the perimeter walls and excludes interior structural components). All depictions of appliances, plumbing fixtures, equipment, counters, soffits, floor coverings and other matters of detail are conceptual only and are not necessarily included in each Unit. Consult your Agreement and the Prospectus for the items included with the Unit. Dimensions and square footage are approximate, will vary with specific unit type, and may vary with actual construction. Additionally, measurements of rooms set forth on any floor plan are nominal and generally taken at the greatest points of each given room (as if the room were a perfect rectangle), without regard for any cutouts. Unit orientation and windows (including number, size, orientation and awnings), balcony/lanais (including configuration, size and railing/balustrade), structure and mechanical chases may vary. The developer expressly reserves the right to make modifications, revisions, and changes it deems desirable in its sole and absolute discretion and without notice.

All drawings are conceptual renderings and the Developer expressly reserves the right to make modifications. Actual views may vary and cannot be guaranteed. Views shown cannot be relied upon as the actual view from any particular unit within the condominium. Improvements, landscaping and amenities depicted may not exist. Photographs may be stock photography used to depict suggested lifestyles rather than any that may exist.
